

Paper Lanterns

Materials: 16 Red Envelopes, Ribbon, 1 Bamboo Stick or Wood Dowel, Sissors and Stapler

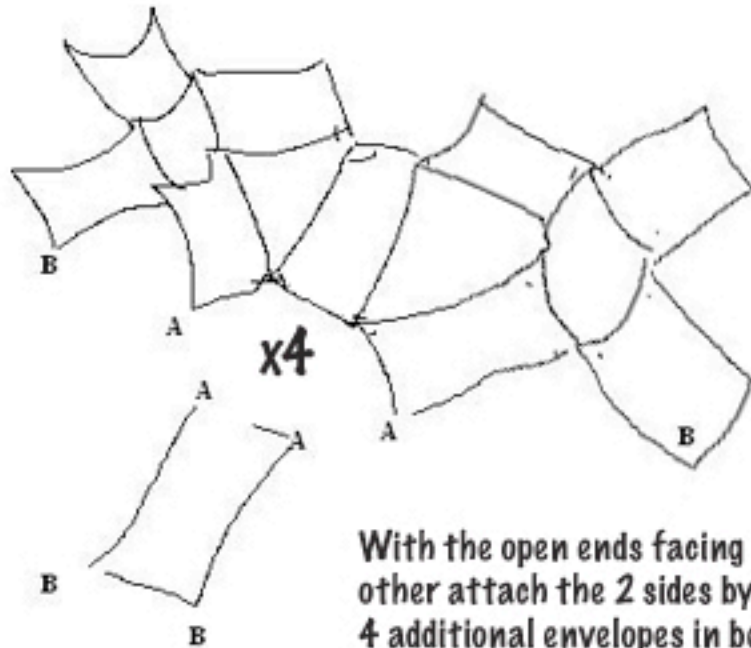

1

Staple the short corners of 4 envelopes together. Staple the envelopes so that they come to a point (see photo). Make 2 of these.

2

With the open ends facing each other attach the 2 sides by stapling 4 additional envelopes in between, this time long corners together. This will make it come together in a the shape of a lantern.

3

To finish , staple the ribbon to the top and bottom of lantern. Place 2 envelopes back to back with the ribbon between them and then staple together. Repeat with another 2 envelopes to make a tail. Attach the top of the ribbon to the wood dowel or stick.
